Introductory.

IN PRESENTING the Central Indiana Business and Professional Directory to our patrons the publishers feel assured that the work has been compiled and arranged in such a careful and thorough manner as to meet the commendation of all, and that it will prove an almost indispensable volume for the Business and Professional men, within the territory embraced.

We have spared neither time nor money to obtain the fullest and most accurate information in all the cities and towns represented and although in a work of this character there are always some inaccuracies; we have carefully tried to avoid such.

The patronage extended in all of the cities contained in this book has been most gratifying to the publishers, who herewith tender their sincere thanks for same.

CANCER

Can now be Permanently Cured.

Since the discovery of the Cancer Germ by Dr. W. T. McCarty and others there is no longer any doubt as to the cause of Cancer.

Dr. W. T. McCarty examining the Blood of Cancer victims.

The Microscope has revealed the fact that millions of these Animal Parasites infest a cancerous sore. The remedy that will penetrate the debths of the cancer and destroy this Germ will cure the cancer.

After years of study and experimenting, Dr. W. T. McCarty has discovered this remedy and is now treating and permanently curing all forms of Cancer, Tumor, and also all forms of Skin and Blood Diseases. All Skin and Blood Diseases are caused from a Specific Germ and must be treated on the same principal as Cancer.

We cure **EXEMA** by a few applications of medicines.

We invite all who are suffering with Cancer to apply at our office for free examination and advice. We charge nothing for our opinion. Write us for free booklet and further information. Address

Statistical and Geographical Information.

INDIANAPOLIS.

Capital of Indiana and County seat of Marion County. Located on west fork of White River in almost the exact geographical center of the state. It is the largest strictly inland city in the United States. Having 16 lines of steam railroads and numerous suburban trolley lines, its facilites for transportation make it a most desirable location for manufacturing establishments of which its quota is large and varied It is par excellent among Capital cities, the commercial, political, intellectual and social center of the state. Its school system as a whole is a model, its streets broad and well paved. Its State House, Court House and in fact all public buildings are elegant. Lying as it does upon a broad, level plain, its chances for expansion and growth are unlimited. Population 175,000.

RICHMOND.

County seat of Wayne County, Indiana. Located at the junction of the Pennsylvania and C. R. and M. Railroads, 69 miles east of Indianapolis, is one of the most important manufacturing, commercial and educational towns in the state. Its manufacturing establishments are on a large scale, while its different colleges and schools and its free public library give it a scholastic atmosphere peculiarly its own. Its population is 20,000.

COLUMBUS.

County seat of Bartholomew County, Indiana. Located on the east fork of White River and at the junction of the Big Four and Pennsylvania Railroads. Its manufacturing establishments are numerous and varied, and it is the center of one of the richest wheat growing districts in the state. Besides the high and graded schools, which like all Indiana cities it possesses, it has a business and normal college. Population 9,000.

Hours, 10 to 11:30 a. m.
Except Sunday.

TELEPHONE 292.

"NORWAYS" is strictly a sanatorium for the care and treatment of the sick. It is not a place for persons in search of amusement. The iustitution is composed of separate buildings, and is thoroughly equipped in every particular. The grounds are extensive and beautiful. The cuisine is excellent. Every method of treatment of known value is employed by skilled attendants. Patients suffering from all forms of nervous disease, rheumatism, kidney troubles, the various drug habits are accepted. The earlier stages of tuberculosis and other pulmonary maladies and those in need of the "rest cure" are especially treated. For mental affections an entirely isolated building is used. Such patients never come in contact with other patients.

TERMS. All charges are payable weekly, one week in advance. They range from $25 to $50 per week, depending upon necessities of treatment and location of room. Regular sanatorium rates include board, room, nursing, treatment and physician's fees. There are no extra charges, unless a special nurse ($10 to $15 per week) is demanded.

The first complete examination is $10 whether a patient remain in the institution or not.

Out-door patients will be charged according to the treatment employed.

GARMENTS. Patients should wear comfortable clothing. No finery is advocated. Each person should have a bath or lounging robe.

Every patient must adhere to the printed rules and regulations of the sanatorium. These are posted in proper places about the buildings. No exception will be made to them in any case.

N. B. No person should be brought to the institution who is too weak to be safely removed from home. For further information apply to the Director.

Beware.....

Of Directory Borrowers.

If thou art borrowed by a friend,
Right welcome shall he be—
To read, to study, not to lend;
But to return to me;
Not that imparted knowledge doth
Diminish learning's store;
But books, I find, when often lent,
Return to me no more.

Beware.....
Of Directory Borrowers.

If thou art borrowed by a friend,
Right welcome shall he be—
To read, to study, not to lend;
But to return to me;
Not that imparted knowledge doth
Diminish learning's store;
But books, I find, when often lent,
Return to me no more.
